

WEAR ME JEWELS

HANDCRAFTED JEWELRY - BROWNSVILLE, OREGON

Natural - Whimsical - Elegant

Experience the unique handcrafted jewelry of designer Aimee Addison's Wear Me Jewels collections. Created in her studio in historic Brownsville, Oregon, these whimsical designs embrace reflections of the natural world with a sweet vintage look that has an enduring and timeless quality.

Each piece is created by hand using high quality natural brass, sterling silver, copper, freshwater pearls, stones and reproduction faceted glass. A prevalent element in many pieces, the natural brass is a wonderful nickel free and tarnish resistant metal that lends a warm vintage look to the line of jewelry. The earwires, due to the fact that they are nickel free, work great for many who have metal sensitives.

With jewelry collections like the Peapod, Vineyard, and Vintage Bird Collections, Wear Me Jewels designs seek to achieve a classical elegance that whispers of nature and calls out to the buyer, "Wear Me!"
